

# ARHS BOARDING PROGRAM NEWSLETTER SEPTEMBER 2016

## Family & Friends of the Boarding Program,

September was a very busy month for our boys! Returning students have transitioned well to the new schedule and new students are already shining here at ARHS! This month students biked the Golden Gate Bridge, hiked Lands End, ran a 5K in support of breast cancer research, attended the Moon Festival in Chinatown, toured Stanford University, cooked Hot Pot in the dorm, went to the Sia concert at Oracle Arena and volunteered at the SF Food Bank! Some of our students made delicious dishes from their home countries for the International Food Festival. The Ping Pong/ Rec Room Club now meets every Thursday in the Rec Room of the dorm, integrating international and local students after school! Very exciting things are happening! We thank you for your continued love and support for the young men in the boarding program.

All the best, *The ARHS Boarding Team*

### Boarding's Best September 2016
