## BILLY CHOI AIDS PENNY DRIVE

The Billy Choi AIDS Penny Drive will run until Friday, September 8th. This is a house competition between your houses where dollar bills are positive points in their value and coins are negative points in their value in cents. For example, a dollar bill is going to be positive 100 points. A quarter will be negative 25 points. You want to place the dollar bills in your house's bin and all coins in other house's bins to sabotage their score. Collections taken during your mentor group meetings will count as double points to your house's overall amount raised. The house with the highest amount of points will win the Billy Choi Aids penny drive and 50 points! Your bins are located in the main lobby with your house name on each bin. Remember to place all dollar bills, the positive points, into your own bin and all coins, the negative points, into other houses to lower their score.
