

**Thank you for attending last night! Here are a few questions and answers from our chat box that apply to the entire class. Please reach out to Mr. Lin ([dlin@riordanhs.org](mailto:dlin@riordanhs.org)) if you have any further questions.**

**What is a college- prep elected course?**

*The intent of the college-preparatory elective requirement is to encourage students to fill out their high school programs with courses taken in grades 9-12 that are challenging and strengthen general study skills. 10th -12th grade Religion classes satisfy this requirement.*

**What is the plan for AP testing? If they take AP this semester but the test is in May?**

*AP teachers are working on plans to keep students engaged in the material in their off semester which may include zoom meetings after school and on Fridays.*

**Is the PSAT confirmed to be moved to January? Or might it still happen in October?**

*We administer the PSAT in January if we are allowed back on campus.*

**Will we get SCOIR usernames or do we create our own account ?**

*Students can invite parents to join SCOIR once they have activated their SCOIR accounts.*

**Which grades do colleges look at - semester or quarter grades?**

*Colleges will look at final semester grades from 10th and 11th grade.*

**If you take the SAT/ACT are you required to submit it? Or if it's a low score, can you choose to apply without it?**

*SAT/ACT scores are not required and it will be your student's choice to submit them or not.*

**When is Junior College Night?**

*January 21st at 6:30pm*

**Is it one UC application for all the UC campuses? Or do students need to apply to each separately?**

*Students complete one UC application for all the UC campuses but will need to choose majors for each campus as well as pay for each campus they apply to.*

**Will the students have the SCOIR setup link in their inbox this week?**

*All juniors were emailed the SCOIR invitation last night.*

**How do the students apply for CSF?**

*CSF is a statewide organization which honors students for their academic excellence. If you received at least a 3.0 last semester, you may qualify. You must reapply every semester in order to keep your membership current so returning CSF members must apply. If you are a member 4 out of 6 semesters (including one on your senior year), you receive Lifetime Membership and an honor cord to wear at graduation. It is also an academic honors designation colleges recognize. Please complete [THIS FORM](#) by Friday, October 2nd to apply. If you have any questions, please contact Mrs. Vincent, [vvincent@riordanhs.org](mailto:vvincent@riordanhs.org).*
